Bompani, Italian Value

Made in Italy is the symbol of a set of values representing quality, design and performance that the world recognizes in Italy.
Bompani thinks, designs, tests and manufactures free standing cookers in full compliance with these values, products that become expressions of an elevated quality standard combined with authentic Italian style. As a result,every Bompani cooker is a safe, robust and efficient product that satisfies Customers' needs and meanwhile it becomes the elegant heart of the kitchen.

One hand electric ignition

The best solution to allow the electric ignition of the burner with one hand.

Turbofan oven

Turbofan oven system provides uniformity of temperature in both versions, gas and electric. This solution is highly recommended to cook different foods simultaneously without mixing taste or smell.

Large oven and lateral lights

Bompani ovens are designed to provide a very large capacity for your most exquisite and voluminous dishes. The big cavity is well-lighted thanks to two lateral halogen lights.

Easy-to-clean surface

Thanks to his very long tradition in enamelling, the internal surfaces of Bompani ovens are very smooth and easy to clean.

Cast iron pan supports

Professional design and immutable over time, cast iron pan supports are the best solution for frequent use of hob burners.

Matt enamelled steel pan supports

Lighter and reliable, this kind of support has a fashion matt finish.

Triple ring burner

The best burner with extraordinary performances for fast cooking. A flame failure device can also be foreseen to immediately cut off gas supply in the event that the flame blows out.

Adjustable feet

The adjustable feet allow perfect levelling and stability outlining an elegant cooker design.

Black enamelled steel pan supports

Practical, functional,this support is a good choice for everyday use.

Touch control

To preset cooking temperatures and times thanks to an user-friendly touch control digital programmer.

TECH soft-touch knob

The ergonomics of the knob and the special soft-touch material ensures excellent grip.

Turnspit

Ideal for ensuring that large meat or poultry roasts are cooked right through. The turning action helps retain natural juices and flavour.

Cooking passion and design

Each Bompani cooker is a masterpiece in timeless beauty and longevity, perfect craftsmanship, technology and made in Italy design, setting new higher standards for your most exquisite projects.
